

# Nika Nabakhteveli

From Tbilisi, Georgia

## PHONE

+995 596-10-11-96

## EMAIL

[nabakhtevelin@gmail.com](mailto:nabakhtevelin@gmail.com)

## EXPERIENCE

I have completed "Introduction to computer science with JavaScript(golden)" course on codehs.com (<https://codehs.com/certificate/ZBpAAA>).

I also have completed the "Responsive Web Design Certification" course on "freeCodeCamp". During this course, I was working on 5 final projects which contained HTML & CSS.

Currently I am going through the "JavaScript algorithms and Data Structures" course.

## EDUCATION

Tbilisi 207th Public School.  
*11th Degree // 2010 – Active*

## LITTLE ABOUT MYSELF

I am Nika Nabakhteveli, 16 y.o from Tbilisi, Georgia. I am learning Web-Development via the internet. 2 months ago I joined the Georgian facebook Web-Development mentoring group "BitCamp (<https://www.facebook.com/groups/3969683209738650>)" and actively started learning the fundamentals of programming with JavaScript. I have many goals and interests in programming, but currently, I'm sticking with the basics of JavaScript. Since I'm interested more in back-end than front-end, the next target is PHP. To discover more about back-end and scripting languages. As for long-term goals: I'm fascinated by Cyber Security.
