Projects

FreeCodeCamp

Responsive Web Design

Pure HTML & CSS

- **Tribute Page Project** <https://gagnidze.github.io/Tribute-Page/>
The Tribute Page is my first ever, all independent work with HTML & CSS. Meant to look RETRO
 - **Survey Form Project** <https://gagnidze.github.io/SurveyForm/>
My second work, slightly transparent, minimalistic design with picture background (Pure HTML & CSS)
 - **Product Landing Page Project** <https://gagnidze.github.io/ProductLandingPage/>
The product landing page, which is meant to resemble the old HP OPMEN landing page (back when my laptop was my dream) (Pure HTML & CSS)
 - **Technical Documentation Page Project** <https://gagnidze.github.io/techdoc/>
Minimalistic, straight to the point and responsive design for Technical Documentation (Pure HTML & CSS)
 - **Personal Portfolio Challenge** <https://gagnidze.github.io/portfolioproject/>
"Personal Portfolio" does include real projects, but is just a project itself made in accordance with FreeCodeCamp Challenge Guidelines (Pure HTML & CSS)
